THE COMING PUTURE. We seem on the eve of great events. The past has been almost one unbroken night. two hundred generations of men have descendad into the tomb. Their history, so far as we are acquainted with it, is full of midnight borrors and tempests and gloom! We know but our fears.

And what of Egypt, the home of the Phain the Gulf of Mexico and the Caribbean Sea.

Every possible diplomatic effort will be made
by the European representatives at Washington to boodwink our goveranent and blind it
as to their builders, and neither the storms of the
desert nor the familities and jealousy of one
bundred and twenty generations, have availed
to divest them of that unapproxchable as
periodity among human monoumestor which the
universal voice accorded them on the day of
their completion. What name monoumestor which the
universal voice accorded them on the day of
their completion. What name monoumestor which the
universal voice accorded them on the day of
their completion. What name monoumestor power of
that unapproxchable as
structures of time! Freemen could have performed no such labor. They were alares, under the lash of lyrants—unederanted masses of
